HOMEOSTASIS SUPPORT

## MAINTAIN MIND AND BODY BALANCE

### EXCLUSIVE TECHNOLOGY TO SUPPORT HOMEOSTASIS.

**The support you need.** Every delightful serving features our homeostasis support complex and our Mimetix™ blend to help you capture the balance that your body strives for.\*

**Notable ingredients.** Our homeostasis support blend includes curcumin, resveratrol, and shiitake mushroom extracts.

**Exceptional bioavailability.** UltraIce™ offers full spectrum endocannabinoid system-based homeostasis support made water-soluble for enhanced absorption.\*

#### THE SCIENCE

The Endocannabinoid System, or ECS for short, is a complex network of receptors that are found throughout your brain, body, and immune system. This system is believed to be responsible for balancing functions related to sleep, relaxation, and cognition. Your ECS is fueled by

endocannabinoids, which are molecules produced by your body to interact with these receptors. When the production of endocannabinoids becomes slowed or imbalanced, phytocannabinoids, which are cannabinoids produced in the hemp plant, can supplement what the body may be lacking.

#### THE MIMETIX™ FORMULA

Typically, the conversation about the endocannabinoid system (ECS) revolves around phytocannabinoids alone. Mimetix™ takes ECS health to a whole new level. Mimetix™ includes cannabimimetics that have a similar pharmacological impact on the ECS as phytocannabinoids. When these compounds are combined in a full spectrum, water-soluble format, they can easily be added to your daily routine to support mind and body balance.\*

#### EXCLUSIVE TECHNOLOGY

As we all know, oil and water don't mix. This can be a challenge when taking oil-based supplements. UltraCell™ turns oil-based compounds into a water-soluble format. Our exclusive technology has been demonstrated in a clinical study to enhance the bioavailability of our supplements.
